

UNITED STATE COURT OF APPEALS  
FOR THE SEVENTH CIRCUIT

Michael Morris  
Plaintiff/Appellant

17-3074 / 17-1463

✓  
Tammy Dickman, et al.  
Defendant/Appellee

AMENDED NOTICE OF APPEAL

Notice is hereby given that due to recent developments exh 1 the Appellant wishes to Amend his notice of Appeal for case 17-3074 to include the filing fee issue for a companion appeal 17-1463, and the issue of whether he is required to pay the filing fee for requesting to appeal  
grounds as follows

1 When I notice that they began to take the fee for 17-1463 - a few weeks back I wrote the District Court and requested they send me your order to collect the fee.

2 On August 30th I received exh 3 its a order from the district to pay this fee. In the law library there have a document from a clerk in your court that says only if the appeal is actually taken can the fee be collected. This court denied me the appeal right because the Dist. court said it was in bad faith.

So I wish to include this in my appeal of 17-3074.
